Kiel - Klaipeda

An important point in the east-west transport sector is the port of Kiel. Through our own office we can ensure to receive cargo to personally. The delivery of cargo is possible by truck or wagon.

If required we can use a warehouse to temporary storage sensitive cargo.

Six times a week the ferry traffic runs between Kiel and Klaipeda. That's why we can ensure a prompt further transport by mafi.

In our **own terminal** at Klaipeda we load the cargo by our **own employees** to broad gauge wagons and send them to their destinations, like for example to Vladwostok, Astana, Tashkent, Mongolia, China
